It is important to build cultural, generational, and socioeconomic bridges, and to encourage young people to make a habit of EXCELLENCE, INTEGRITY, SELF IMPROVEMENT, and EMPOWERING each other.

Guyana's future lies in putting country first and placing a high value in each other.

*I see young Guyanese **purpose-driven** entrepreneurs today, and it strengthens me. They are creative, community minded, committed, and resourceful. This attitude of getting things done and their action oriented mindset convinced me that there is a way to help eradicate **the poverty mindset** and develop Guyana for ALL its citizens.*

*Leveraging the collective potential of the **purpose-driven** entrepreneur to solve some of society's problems became the mission.*

Our objective is to build a community of these like minded young people, activate their potential, and deliver the value of that potential to society in the form of transformative movements.

A single purpose-driven entrepreneur can change the world. Imagine what a community of them can do.

This is Brand YOUth!

Impact Strategy

Brand YOUTH’s Economic Relief Initiative, Empowerment Initiative and the Brand YOUTH Academy target mindsets, livelihoods, communities, and society through three intervention points — economic conditions, role models and access to opportunity.

The Brand YOUTH Impact Strategy Model Shaping Mindsets for a Better Society

ECONOMIC RELIEF INITIATIVE

Charity Campaigns. Sponsorship Programs.

Target those who are unable to access opportunities and can't earn a decent living to provide for their families. Inject economic relief to protect families from certain economic details. Protecting children from economic details can make a positive difference in their confidence and self-esteem.

EMPOWERMENT INITIATIVE

Encourage passions. Collaboration. Inject positive role models. Mentorship. Target families who lack the skills to engage, earn, and capitalize on opportunities.

Capitalize on Brand YOUth's entrepreneurial prowess to create benefactors out of beneficiaries. Create opportunities through community-level entrepreneurial endeavors.

BRAND YOUTH ACADEMY

Education. Entrepreneurship. Work Study. Coaching. Apprenticeship.

Elevate mindsets by preparing young people for the job market, to be better citizens and leaders in their communities, and to become purpose-driven entrepreneurs.

Developing the **Brand YOUTH Community**

In a nutshell, the Brand YOUTH platform is designed to attract purpose-driven entrepreneurs and leverage their individual abilities and potential to build and strengthen our community.

Through brainstorming engagements and other types of interactions, we will create an environment in which creativity, ideas, and innovation can flourish.

This is ideal for the Brand YOUTH and each entrepreneur to grow and prosper.

**What we want most
of all is to push an
innovation-based economic
agenda to help bring
an end to poverty in Guyana.**

One Guyana

It is important that we find ways to build cultural, generational and socioeconomic bridges; to encourage young people to make a habit of excellence, integrity, self improvement and empowering each other.

Guyana's future lies in a people who value each other and our country highly: a united people who act to achieve the success we seek.

Leave no one behind

Brand YOUth is committed to building a platform upon which a solution to the culture of polarization, poverty, and racism can be agreed upon and implemented.

We are building a culture of inclusiveness.

Imagine a Guyana

Imagine a Guyana where young people are motivated to interact with those who look different to them, worship differently, and have different beliefs.

Imagine a Nation whose young people are determined to make a difference and committed to excellence, community, and country.

Imagine if they had more resources, or were taught and encouraged to be more resourceful. Let's encourage them to reject "cannot-ism," pessimism and racism.
